

## Hip-Hop

There is no one definition to describe hip-hop dance. Hip-hop dance is continuously transforming and redefining itself with each new generation of dancers. Teams should also display an ability to connect with the audience and provoke an emotional response (i.e., excitement, laughter, joy, sadness and/or sense of drama) appropriate to the style presented.

\* This is **NOT** intended to require any specific technical jazz, pom or hip-hop movements (including leaps, turns, lifts, or other tricks) in the routine. **Emphasis of the routine should be on the kicks.** Whatever choreographed movements you choose, in your creative discretion, to do in between your kicks will be judged here. Teams will not receive credit in the technique score for technical difficulty of non-kick movements.
